**MEMO: To All Bryston Customers**

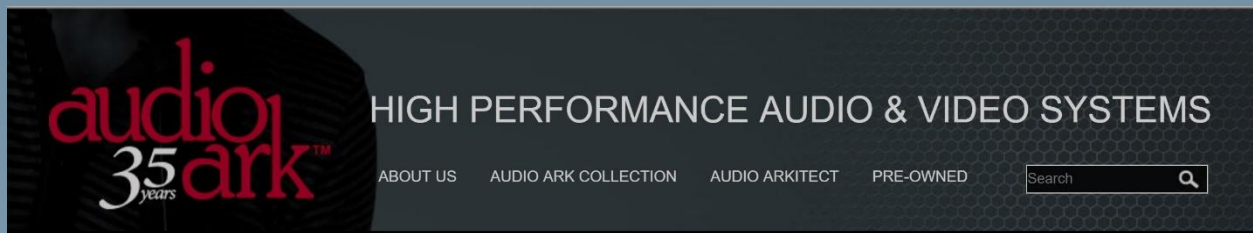

**SUBJECT: New Bryston Active Speaker Dealer**

October, 2017

Hi Folks,

I am very pleased to announce the appointment of another dedicated Bryston Active Speaker Dealer.

**Welcome to Audio Ark in Edmonton Alberta**

**Audio Ark will have a fully 'Active Bryston System' on display consisting of the following:**

- **Bryston Model T Walnut Active Speakers**
- **Bryston BAX-1 3-way Active Digital Crossover**
- **Six channels of Bryston Amplification**

**Having a dedicated listening room to allow customers to hear how much better Active Speakers can sound is paramount and I thank Audio Ark for their commitment to this concept.**

**In a market where customers are asking for more value added from their dealer the in-home setup and calibrated active Bryston speaker system is a perfect fit.**
